

Dear Sirs,

I am writing this to let you know how important my K-LOVE radio station is to me and my life. It's the only radio station I listen to because it lifts my spirit to hear wonderful songs about my savior, Jesus Christ. I believe K-LOVE is especially good for families; both kids & adults can listen and get a positive message that strengthens them and reinforces their family values. Plus they can sing the songs they hear on K-LOVE together in the car. If K-LOVE were to be replaced by an LPFM broadcaster, I would be so disappointed because there is no other music program like K-LOVE available, and as I said this music and the focus that it gives my life is irreplaceable. Thank you, in advance, for for your thoughtful consideration of this matter.

Sincerely,  
Sheri Frosig
